CONSTRUCTION NEWS.

PLANS AND SPECIFICATIONS ON FILE.

The following Plans (P.), Specifications (S.), and Bidding Sheets (B. S.) may be seen at the office of The Engineering News Publishing Co., 220 Broadway, New York:

Bids close.	Work.	Place.	On file.	See issue.
June 15	Lights	Fort Ethan Allen, Vt.	S. & B. S.	5-31
15	Grading, etc.	Portland, Me.	P. S. & B. S.	5-24
*15	Distributing system.	Mitchell, Nebr.	P. & S.	5- 3
*18	Paving, etc.	Clarion, Pa.	S. & B. S.	5-31
18	Intercptg sewer.	Jackson, Mich.	S. & B. S.	6- 7
18	Drainage canal.	Wichita, Kans.	S.	5-24
*20	Canal.	Billings, Mont.	P. & S.	5-31
*20	Pumping station.	Phila., Pa.	P. & S.	5-31
21	Canal.	Klamath Falls, Ore.	P. & S.	5-31
21	Dredging.	Bridgeport, Conn.	S. & B. S.	5-24
*22	Macadam.	Somerville, N. J.	P., S. & B. S.	6-14
*26	Dredging,	New London, Conn.	S. & B. S.	5-31
30	Piers.	Philadelphia, Pa.	S.	6- 7
*30	Tunnel.	New Zealand	P. S. & B. S.	5-31
*27	Storage works.	Portland, Ore.	P. S. & B. S.	4-26
30	Railwy grading.	Vaughan, N. C.	S.	6-14
July *2	Sewer sys.	Cape Girardeau, Mo.	S. & B. S.	5-21
7	Pumps.	Garden City, Kans.	P. & S.	5-31
Sept. 15	Hotel bldg.	Manila, P. I.	S.	3-29

*Work advertised in Engineering News.

LIST OF CONTRACTS PENDING.

LIGHT, HEAT AND POWER PLANTS.

Bids close.	Work.	Place.	On file.	See issue.
June 15.	Electric system,	Fort Ethan Allen, Vt.		May 24
June 15.	Lighting,	Fort Wright, Wash.		May 31
June 15.	Electric fixtures,	Fort Strong, Hass.		June 14
June 22.	Heating,	Governor's Island, N. Y.		June 14
	Advertised, Eng. News, June 14.			
June 25.	Heating,	Austin, Tex.		June 14
June 28.	Light-house suppl's,	Tompkinsville, N. Y.		June 14
June 28.	Power-house,	Washington, D. C.		May 17
	Advertised, Eng. News, May 17 to June 21.			
July 5.	Water power for sale,	Kenora, Ont.		Mar. 15
	Advertised, Eng. News, Mar. 15.			
July 11.	Heating,	Sherman, Tex.		June 14
No date.	Gas plant,	Wakefield, Nebr.		May 31

BRIDGES.

June 15.	Bridges,	Cornwall, Ont.	June 14
June 16.	Bridge,	Alamosa, Colo.	May 31
June 16.	Four bridges,	Washington, D. C.	June 7
June 18.	Bridge,	Helena, Mont.	June 7
June 18.	Two steel bridges,	Cornwall, Ont.	May 31
June 18.	Seven bridges,	Cornwall, Ont.	June 14
June 19.	Bridges,	Butler, Mo.	June 14
June 19.	Bridge,	Annapolis, Md.	June 7
	Advertised, Eng. News, June 7.		
June 20.	Bridge,	Warren, O.	June 14
June 20.	Six bridges,	Pittsburg, Pa.	June 14
June 21.	Bridge,	Newark, N. J.	June 14
	Advertised, Eng. News, June 14 and 21.		
June 22.	Three bridges,	Coshocton, O.	June 14
June 22.	Steel bridge,	Woonsocket, R. I.	June 14
	Advertised, Eng. News, June 14.		
June 22.	Bridges, etc.,	Columbia City, Ind.	June 7
June 23.	Bridge,	Washington C. H., Ohio.	June 14
June 25.	Bridge,	Doylestown, Pa.	June 14
June 26.	Bridge,	Olongapo, P. I.	May 24
June 30.	Bridges,	St. John, N. B.	Apr. 12
June 30.	Bridge,	Hood River, Ore.	June 14
July 1.	Four steel bridges,	Leland, La.	May 24
July 2.	Steel bridge,	Lakeport, Cal.	May 31
July 3.	Steel bridge,	Brandon, Man.	June 14
	Advertised, Eng. News, June 14 to 28.		
July 18.	Seven bridges,	Cornwall, Ont.	June 14

BUILDINGS.

June 15.	Buildings,	Ft. Riley, Kans.	June 7

Proposed Work

ENGINEERING NEWS desires to obtain the **EARLIEST POSSIBLE RELIABLE INFORMATION** concerning all projected work. We will appreciate any items that you may send us. Copies containing such information will be mailed to you, upon request.

Address, **Construction News Department**

RAILWAYS.

The names of parties awarded contracts are printed in capital letters.

ALCOLU R. R.—This company, according to D. W. Alderman, of Alcolu, S. C., Vice-Pres., will extend its line from Blula to Motts Cross Roads, about five miles. Grading has commenced. R. J. Alderman, Alcolu, is Pres.

AUGUSTA CONSTRUCTION CO.—A. E. Hess, Ch. Engr. of this company, writes us from Augusta, Ga., that surveys are being made and right-of-way is partially secured for the line which the company will build between Augusta and Madison, Fla. Line is to be 104 miles long. Contracts for construction will be let as soon as surveys are completed.

BEECH CREEK & CLEARFIELD.—It is reported that work on the construction of this branch of the New York Central R. R. Co. is being pushed rapidly. The new road leaves the Jamestown & Franklin division of the Lake Shore at Franklin, Pa., and follows for some distance the general course of the Allegheny Valley from Polk. Several surveys have been made and the one finally decided upon and now being utilized is a low-grade plan. The line is being pushed into the heart of the mountainous coal country east of Crawford County, and will be 138 miles long. The construction of three big tunnels will be a feature of the work. It is generally believed that it will be used as a cut-off for shortening the main line between New York and the West. G. W. Kittredge, Grand Central Station, New York, is Ch. Engr.

BIRMINGHAM, COLUMBUS & ST. ANDREW.—We are officially advised by John C. Hyer, of Chipley, Fla., Ch. Engr. of this company, that "track has been laid on the first ten miles of grading and the contract let to grade seven additional miles, which will connect up with a stretch of grading twenty miles long. This will give us thirty miles of track south of Chipley. Contracts are to be let soon for the grading north of Chipley, 12 miles, to Graceville, connecting there with the Louisville and Nashville R. R. The right-of-way has all been cleared and timber delivered on this work."

BROWNWOOD & CISCO.—COMER & CONNELL of Fort Worth, Tex., have been awarded the contract for building the Brownwood & Cisco R. R. The survey has been completed and J. Peters, Engr. in Charge, has established offices at Brownwood. The work of raising a $30,000 bonus is about completed and work will begin on the road as soon as the financial matters are arranged.

CENTRAL OF GEORGIA.—It is stated that the Central of Georgia R. R. Co. will, without delay, build the necessary connecting links to form a continuous line from Atlanta to the Gulf of Mexico. The Central already controls an almost unbroken line over the greater portion of the distance, and plans are now under way for the completion of a direct route. It is reported that contract for the construction of an extension from Andalusia to the Gulf of Mexico, 50 miles, has been let. H. M. Steele, Savannah, Ga., is Ch. Engr.

CHESAPEAKE & OHIO.—Contract for the construction of the Pott's Creek Valley branch of this road, from the main line near Covington, Va., about 20 miles up the valley, has been let to PITTS DORRIER & CO. of Scottsville, Va.

CHICAGO, BURLINGTON & QUINCY.—The Chicago, Burlington & Quincy Ry. Co. will, it is reported, rush work on the double-tracking of its line between Kansas City and St. Joseph, Mo. A 12-mile cut-off is also proposed between Beverly and Waldron. A. W. Newton, St. Louis, Mo., is Div. Engr.

CINCINNATI, BLUFFTON & CHICAGO.—S. H. Bracey, Pres., 1606 Tribune Bldg., Chicago, writes us that surveys are completed and right of way about secured for the line from Bluffton to Union City, about 76 miles. Capital has been secured and contracts are to be let within 30 days. D. C. Dunlap, 1606 Tribune Bldg., Chicago, is Ch. Engr.

DES PERES VALLEY.—F. N. Johnson, Pres. of the Scullin-Gallagher Iron and Steel Co. of St. Louis, which controls this railroad, is reported to have stated that the company owns 85 acres of land in the city of St. Louis, bounded on the north by the Missouri Pacific Ry. tracks and on the south by the Frisco tracks, and will connect with both roads. He says: "We expect to increase our main line and side-tracks from time to time, as occasion requires, under our own supervision, and we will not make contracts for construction." The line to be built is 4½ miles long.

DETROIT, TOLEDO & IRONTON.—Eugene Zimmermann, Pres. of the Detroit, Toledo & Ironton R. R. Co., is quoted as saying that estimates have been received for building the proposed extension railroad south from Ashland into the Eastern Kentucky coal fields, and it is expected that construction will begin soon.

DETROIT, FLINT RIVER & SAGINAW VALLEY.—We are officially informed that this railway company, of which W. F. Davidson, Port Huron, Mich., is Pres., will build along the most direct route from Detroit to Saginaw Valley, via Flint. E. D. Black, Secy., 404 Dryden Bldg., Flint, writes us that contracts will be let during July.

FLORIDA.—It is reported that a movement is under way at Miakka, Fla., to secure the building of a railroad to connect with either the Atlantic Coast Line or the Seaboard Air Line. In either case about 15 miles of track will be required. The following committee has been appointed: A. M. Wilson, J. C. Betts, J. J. Crowley, George Tatum and W. A. Durrance.

GRAND TRUNK PACIFIC.—The bill granting a franchise to the Grand Trunk Pacific Ry. Co. to build branch lines is still under consideration by the Canadian Railway Committee, but is progressing rapidly. Among other amendments, the Government has proposed one which gives the list of the branch lines and stipulates the length and general direction. In all, the branch lines proposed are sixteen in number, and the total mileage as indicated by the government amendment to the bill is 4,631 miles. Among the more important branches proposed are one of 300 miles to Orillia, Ont.; one of 720 miles from the Grand Trunk Pacific to Brandon, Regina, Calgary and Turtle Mountain; one of 625 miles from the Grand Trunk Pacific main line to Yorkton and Hudson Bay; one of 390 miles from the Grand Trunk Pacific to Vancouver; and still another of 900 miles from the main line to Dawson. The amendment met with some opposition, as it was argued that the chartering of 4,000 miles of road at this time would practically tie up the country to be served by the branches until 1916. The Government, however, is supporting the bill, and it will undoubtedly pass. C. M. Hayes, Montreal, Que., is Pres., and B. B. Kelliher, Montreal, is Ch. Engr.

GREAT NORTHERN.—CAMPBELL & FERIER, Duluth, Minn., are reported to have the contract for the construction of about 80 miles of the Midland extension of the Great Northern R. R., from Neche to Portage la Prairie.

GREAT BEND & GULF.—The construction of this road will begin at once, according to press reports. Its northern terminal is Hays, Kans., and from there it runs southeast to Arkansas City, crosses the Missouri Pacific at Matherville, the Santa Fe at Great Bend, the Larned branch of the Missouri Pacific at Seward, the Kinsley cut-off of the Santa Fe at John, the Rock Island at Pratt, the Santa Fe and Orient at Harper, the Kiowa branch of the Missouri Pacific at Freeport, the Santa Fe and Rock Island at Perth, and the Santa Fe at Rome. The construction of the track will begin at Great Bend. Edward L. Peckson, of Denver, Colo., Pres. of the Denver, Kansas & Gulf R. R. Co., is reported interested.

KANSAS CITY SOUTHERN.—It is reported by the Crowley, La., papers that officials of the Kansas City Southern Ry. have confirmed the report that the company will build a line through the rice belt, via Crowley, to New Orleans. H. De W. Smith, Mansfield, La., is Dir. Engr.

LEROY & SOUTHWESTERN.—The Secretary of State of Illinois has issued a license incorporating the Leroy & Southwestern R. R. Co., which will construct a road from Leroy, McLean County, to Waynesville, Dewitt County, Ill. The incorporators are Alvin H. Shelby and J. A. Taylor, of Bloomington, Ill.; L. A. Hinton, of Normal, Ill., and George W. Shelby, of Wapella, Ill.

MISSOURI & ARKANSAS.—The St. Louis & North Arkansas R. R. Co. is to be reorganized and will probably be known in the future as the Missouri & Arkansas R. R. Co. It is the intention of the new owners to extend the line, which now runs from Seligman, Mo., to Leslie, Ark., to either Memphis or Helena on the east, and on the west to Neosho, Mo. The company will undertake about 260 miles of construction. Financial reorganization will provide for underwriting bonds to the extent of $6,000,000, and of these the capitalists formerly identified with the property headed by John Scullin, of St. Louis, will subscribe $3,000,000.

OCILLA & VALDOSTA.—A surveying corps has begun the survey on the extension of the Ocilla & Valdosta R. R. Co.'s line from Ocilla, Ga., to Macon, Ga., and the officials of the road state that work will be pushed. The distance is about 90 miles, and when the extension is completed it will give Ocilla, Fitzgerald, Rochelle, Hawkinsville and Perry the shortest line to Macon, Atlanta and other points north and west. When the road is completed to Valdosta it will also give the shortest line from Macon and other points north into Florida. T. E. Richardson, Broxton, Ga., is Ch. Engr.

PACIFIC & EASTERN.—According to advices from Ottawa, Ont., a bill to incorporate the Pacific & Eastern Ry. Co. is before the Senate Railway Committee. It is to begin at Victoria, extend to the northern end of Vancouver Island, and then cross to the mainland, first by ferry and afterward by bridge. From the Pacific Coast the line will be extended through the Yellow Head Pass to Edmonton, and thence to Fort Church, on the Hudson's Bay. The railway, as contemplated, will be 1,800 miles long, and provide the shortest route to Liverpool while Hudson's Bay is open to navigation.

PITTSBURG & TUBE CITY.—A terminal railroad, on which a number of trunk lines, including the Erie, the Shawmut and other systems, may obtain an entrance into Pittsburg is projected by a new company, known as the Pittsburg & Tube City R. R. Co., which asks for a franchise for a steam line from Try St. and Fourth Ave. eastward to the city line. Charles S. Cameron, a well-known oil man, is the chief promoter of the new line. Under the franchise agreement any road may use the line. It will cost $6,000,000. Plans and surveys have all been made.

PENNSYLVANIA.—The engineering department of the Pennsylvania R. R. Co. has decided upon plans at Greensburg in completing its four-track system on the Pittsburg division. It has been determined to rebuild the line on its present route. The work will cost approximately $8,000,000. Another project equally as extensive is the building of separate tracks for freight service. The plans call for the elimination of some tunnels, a new passenger station in Greensburg, Pa., and some important grade crossings. J. H. Nichol, Williamsport, Pa., is Div. Engr.

PITTSBURG & LAKE ERIE.—Contracts have been closed between the MIDLAND STEEL CO., of Pittsburg, and the Pittsburg & Lake Erie R. R. Co. for the building of an extension of the Pittsburg & Lake Erie to Midland, Pa., 15 miles from Beaver, Pa., work to begin as soon as contracts can be let. The Pittsburg & Lake Erie, after building to Midland, Pa., where mammoth steel plants are being erected, will operate trains to East Liverpool and Wellsville, Ohio, over the Ohio River & Northern, which is to be built at once. This line is owned by P. F. Smith and the De Armitts, of Pittsburg, and J. L. Francis, of Chicago. J. A. Atwood, Pittsburg, is Ch. Engr.

PUEBLO, OKLAHOMA & NEW ORLEANS.—This company has been chartered to build a line from Pueblo, Colo., to New Orleans, La., 1,050 miles; capital $3,500,000. The incorporators are R. A. Woolridge, W. C. Burke, George H. Dodson, Warren K. Snyder and John E. Carson, all of Oklahoma City, Okla.

RALEIGH & PIMLICO SOUND.—GOOD, HART & CO. have been awarded the contract to build 30 miles of this road, extending 15 miles east and west of Wilson, N. C.

SCHOOTIC STREAM RIVER R. R.—We are officially informed that surveys have been completed, right-of-way almost secured and capital obtained for the construction of this road from Millinocket, on the Boston & Albany, to Medway, Me. Contracts have been let to McPHAIL & MAVOR, of Millinocket. About two miles of the line will be leased by the Boston & Albany, when completed. F. W. Cram is Pres., Moses Burpee, Ch. Engr.

SEABOARD AIR LINE.—The Seaboard Air Line's proposed spur in Calhoun County, Ala., will, it is said, be 4½ miles long from Ohatchie, Ala., on the Air Line between Birmingham and Atlanta, to Chalybeate Mountain. W. L. Seddon, Portsmouth, Va., is Ch. Engr. P. H. O'BRIEN has the grading contract.

TEXAS.—The contract for the construction of the Texas Ry., which will build between San Antonio and the coast, has been let in San Antonio, by the Board of Directors, to the ROCK ISLAND CONSTRUCTION CO., of Chicago. L. A. Guerenger has been appointed Ch. Engr. of the road. Both the offices of the construction company and of Mr. Guerenger will be located at Yoakum.

WEST VIRGINIA CONNECTING.—A charter has been granted to the West Virginia Connecting R. R. Co. for the construction of a line 95 miles long, running from Belington, W. Va., where it connects with the West Virginia Central and Pittsburg Ry., to Rogersville, where a connection is to be made with the proposed Wheeling & Uniontown Short Line. Incorporators: D. F. Maroney, Farmers' Bank Building, of Pittsburg, Pa.; J. V. Thompson and Jas. H. Barnes, of Uniontown, Pa., and others.

WISCONSIN & NORTHERN.—It is reported that this company has decided to build a new line from Menosha, Wis., to North Crandon Junction, about 125 miles.

Change of Date.

The date of opening bids for the construction of a tunnel, five miles long, on the New Zealand Midland Ry., at Arthur's Pass, has been changed from June 30 to July 9. This work is advertised in Engineering News.

ELECTRIC RAILWAYS.

The names of parties awarded contracts are printed in capital letters.

NORTHPORT, N. Y.—It is stated that the Northport R. R., owned by the Long Island R. R. Co., will be extended via Ft. Salonga and Kings Park to Indian Head, on the shore of the Sound. J. R. Savage, Jamaica, is Ch. Engr.

ROCHESTER, N. Y.—The contract for the electrification of the Rochester Division of the Erie R. R. Co., between Mount Morris and Rochester, was awarded to WESTINGHOUSE, CHURCH, KERR & CO. Work on this part of the line will begin at once and covers a distance of 35 miles. The division from Avon to Corning will be the next one electrified.

A new high-speed electric line is being promoted to run between Rochester and Batavia. This road will be about 60 miles long, and will parallel the main line of the New York Central, just as the new electric road between Rochester and Lockport will parallel the Central's line between those points. The proposed road will be known as the Buffalo, Batavia & Rochester R. R., and interests connected with one of the power producing companies at Niagara Falls are behind the project. It will cost in the neighborhood of $4,000,000.

NEW YORK, N. Y.—The Commissioners appointed to examine into the proposed Gerard Ave. rapid transit route in the Bronx, John C. Coleman, Isaac Brennan and William Halpin, without commenting on the plans for the route, have reported that the railway ought to be constructed and operated. It begins at 138th St., between Third and Park Aves., where connections may be made with subways, and goes west under 138th St. to Walton Ave., then northwest to Gerard Ave., and under Gerard Ave. to 168th St., where it divides. One branch will be a subway to connect with that under Jerome Ave. at 170th St. The other line comes to the surface and unites with the Jerome Ave. elevated line at Clarke Place near 170th St.

The Commissioners appointed by the Appellate Division of the Supreme Court, to investigate and report on the proposed rapid transit railroad or railroads known as the 14th St. route, have also reported favorably. The proposed route is made up of several sections. It is to run under 14th St. from the wharf line of North River to a point between Aves. B and C, where a connection is to be made with a tunnel that is to go under East River. There is also to be a line running south under Ninth Ave., Greenwich, St., Charlton St. and Washington St. to Liberty St., and east under Liberty St. to William St., where a connection is to be made with a subway running under Liberty St., Maiden Lane and the East River to Br... is to connect with a sub... under Liberty St. Still ... extend under University ... St. to Canal St., thence ... St., and connecting with ... structed under Centre St. ... ers are J. B. Pine, W... James O'Farrell.

CHRISTIANSBURG, VA.—... who is promoting an electr... Christiansburg to Cambria, ... that surveys have been comp... of-way and water power secu... be 2¼ miles long. Contracts ... within two months.

GREENSBORO, N. C.—J. ... Engr. of the Greensboro & H... urban Ry. Co., writes us th... the construction of this road ... W. D. Pender, Norfolk, Va., ...

ATLANTA, GA.—The Georgia ... Ry. & Electric Co. has given notice that ... will apply for a franchise to build an ... extension on Whitehall St. and Stewart Ave. to the city limits. P. S. Arkwright, Atlanta, is Pres.

GAINESVILLE, GA.—We are officially informed that surveys have been made and right-of-way is being secured for the 80-mile interurban line of the Atlanta, Buford & Gainesville Ry. Co., from Atlanta to Norcross and Gainesville. H. D. Jaquish, Gainesville, is Pres.

GULFPORT, MISS.—The Gulfport & Mississippi Coast Traction Co. has completed up its track from Gulfport to Biloxi, Miss., 12 miles, and it is to be put in operation immediately. About an equal amount of line is yet to be built to Pass Christian. Capt. J. T. Jones, Gulfport, is Pres.

CLEVELAND, OHIO.—We are officially informed that the Cleveland & Sharon Traction Co., which was headed by Francis B. Morgan and others, and did considerable grading about two years ago for a line from Middlefield to Sharon, Pa., has been reorganized under the name of the Cleveland & Sharon Electric R. R. Co. A contract has been placed with the ELDENBEL CONSTRUCTION CO., of New York, for the construction and equipping of the new line, and that equipment for the power station and overhead work will be done by the GENERAL ELECTRIC CO. The central power station will probably be located at Middlefield. The proposed Warren, Cortland & Jefferson line, a north and south road, which was to be operated with the other road, is also stated to have been taken over, and will be built by the same people. The road will enter Cleveland from Middlefield over the Eastern Ohio Traction Co.'s northern division. Eventually direct connection will be made for Pittsburg over a line from Pittsburg to Sharon. J. B. Cahoon, Cleveland, Ohio, is Ch. Engr.

LEAVITTSBURG, OHIO.—It is stated that the Mahoning & Shenango Valley Traction Co. will shortly place contracts for the connecting link between its line and that of the Eastern Ohio Traction Co. The line will extend from Leavittsburg to Garrettsville, a distance of 13 miles. The Eastern Ohio Co. is reported to have agreed to take up its present line between Chagrin Falls and Hiram, and build in a straight line between these points, thus saving about six miles over the present route.

TOLEDO, OHIO.—The Toledo Urban & Interurban Ry. Co. is preparing to offer better facilities for the through Dayton-Toledo Limited service, which was instituted recently. Six right-angle curves north of Findlay are to be lengthened so that they can be taken at high speed. When these improvements are completed, it is probable that the running time for 162 miles will be cut down to 3½ hours. A. J. Becht, Cincinnati, Ohio, is Secy. and Treas.

INDIANAPOLIS, IND.—The contract for grading the Plainfield extension of the Indianapolis & Danville electric line has been let to H. P. HENDERSON, of Chicago, for the track work to JNO. P. ADAMS, of Columbus, and for the overhead wiring, etc., to D. H. ROBINSON, of Indianapolis.

EAST ST. LOUIS, ILL.—The St. Louis & Northeastern Electric Ry. Co. has begun the construction of its track in East St. Louis. The SOUTHERN ILLINOIS CONSTRUCTION CO., of this city, has contract for the concrete and brick work, and the RICH CONSTRUCTION CO. has the contract for the grading. George H. Meck is Asst. City Engr.

MURPHYSBORO, ILL.—The Southern Illinois Transit Co. has been incorporated and will build a line from Murphysboro, through Carbondale and Caterville, to Herrin. The incorporators are: Philip De Ker, A. J. Woodward, John L. Cox, W. F. Hughes and R. A. McCord, all of Murphysboro.

SEDALIA, MO.—B. H. Colby, Security Building, St. Louis, Ch. Engr. of the Missouri Interurban Ry. Co., writes us that surveys are completed and two-thirds of the right-of-way secured for this line, which is to be 80 miles long and extend from Jefferson City to Sedalia.

GAINESVILLE, TEX.—It is reported that engineers [illegible] the Gainesville, Whitesboro & Sherman [illegible]tric Interurban Ry. have finished a pa[illegible] the survey, and that construction will b[illegible] by June 15. G. A. Hassinger, of New O[illegible]ns, is Pres., and John King is V.-Pres. [illegible] Gen. Mgr.

SAN A[illegible]NIO, TEX.—Regarding the proposed con[illegible]tion of a street railway in this city, Will [illegible] Morris, Kampmann Bldg., writes as follow[illegible] There is in our Fourth Ward a broad sc[illegible] of territory, with eight or ten thousand [illegible]abitants, without adequate car service. [illegible] months ago a club was organized, kn[illegible] as Fourth Ward Improvement Club, for [illegible] purpose of inducing our present trac[illegible] company to construct a line through [illegible] territory. The company's representati[illegible] investigated the proposed route, but no d[illegible]te answer or action having been had, the [illegible] held another meeting recently, at which [illegible]e Lewis Maverick, of this city, represent[illegible] certain promoters, proposed that his clien[illegible] build an independent car line. The matt[illegible] was referred to a committee, with power to [illegible]-operate with the present company, and [illegible]ith Mr. Maverick, with instructions to [illegible]ecure best service obtainable in shortest [illegible]sible time.

NEWKIRK, OKLA.—It is reported that Thos. A. [illegible]mith and Moses P. Brown, representing the [illegible] Newkirk, Tonkawa & Southern Electric [illegible], an interurban company which has its h[illegible]quarters here, have received from the Cou[illegible] Commissioners a franchise for the use of the public roads for the construction of the line. Similar franchises have been obtained in Kay, Noble and Logan Counties. The company is planning an interurban line from Newkirk to Oklahoma City via Tonkawa, Billings, Munlhall and Guthrie.

OKLAHOMA CITY, OKLA.—John W. Shartell, Gen. Mgr. of the Oklahoma Ry. Co., is reported as saying that four miles of extensions will be constructed immediately in this city, and that 15 miles will be completed in the city before the end of the year.

SPOKANE, WASH.—F. A. Blackwell, chairman of Finance Committee, states that the Inland Empire Ry. Co. will have an electric railway in operation to Lake Pond d'Oreille, Idaho, inside of a year. The line will be 50 miles long. A plot of 1,700 acres has been bought on Squaw Bay for terminals.

PORTLAND, ORE.—The Portland Ry. Co., it is reported, will spend $350,000 in improvements this year. Full groove rails are to be laid on Second St. from Flanders to Montgomery Sts., on which work has commenced. Street is to be paved with bithulithic material, company paving portion between tracks with stone blocks. Milwaukee Ave. is being double-tracked from Holgate St. to the Crematorium, and second track is being laid along river bank from Madison St. bridge to the Oakes. Heavy rails to be laid on Union Ave.

LOS ANGELES, CAL.—It is reported that orders have been given by Henry E. Huntington, 71 Broadway, N. Y., Pres. of the Pacific Electric Ry Co., to begin work at once on the project for four-tracking the Long Beach line of the system as far as Watts Station, and to rush operations to completion as rapidly as can be done. This will give Los Angeles the only four-track trolley line west of New York, and will be the culmination of plans that have been under consideration for nearly a year. More than eight miles of double track will be built, and the right-of-way has already been secured. After the work of four-tracking to Watts has been completed the next step will be that of building a line from Santa Ana to Newport Bay, to connect with the line just completed to that point from Newport Beach, and known as the East Newport branch. A. D. Schindler, Los Angeles, is Gen. Mgr.; Geo. E. Pillsbury, Los Angeles, is Ch. Engr.

SAN BERNARDINO, CAL.—We are informed that right-of-way has been secured and surveys will be begun at once on the extension of the San Bernardino Valley Traction Co.'s line to Arrowhead. W. H. Smith is Gen. Mgr.

NAPA, CAL.—The San Francisco, Vallejo & Napa Valley R. R. Co. has been incorporated with a capital of $1,500,000, and will build a line through Napa Valley from Napa to St. Helena and Calistoga, together with a number of spurs. Construction work is to begin at once. The directors are W. F. Botsford, of Los Angeles; Z. J. Hatch, of Oakland; L. J. Peroy and J. T. York, of Napa, and T. W. Hatch, of Vallejo.

MARYSVILLE, CAL.—Promoters of the Marysville-Downiesville Electric Ry. here announced that construction work will begin as soon as this city has raised $10,000, which is to be used by the company for the purpose of issuing stock and incorporating. Capital has been interested and the stock subscribed for. The road will ultimately extend to Meridian, on the Sacramento River. C. S. Brook is Chn. of a committee which will raise the money. W. I. Redding represents the company.

TORONTO, ONT.—The Toronto & York Radial Railway bill passed the Railway Committee of the Legislature with a few important amendments. The bill gives the power of construction, operation and extension in respect to the Toronto & Scarboro Electric Ry., the Toronto & Mimico Ry. & Light Co., and the Metropolitan Electric Ry. Co., the charters and franchise of which have been acquired by the Toronto & York Radial Electric Co. W. H. Moore, Toronto, is Gen. Mgr.

LIGHT AND POWER PLANTS.

The names of parties awarded contracts are printed in capital letters.

FORT STRONG (Boston post-office), MASS.—Bids are asked until June 15 by Capt. George L. Goodale, Constr. Q.-M., for installing electric light fixtures in buildings at Fort Strong.

TROY, N. Y.—The Board of Contract and Supply has let contracts to the BEACON ELECTRIC LIGHT CO. and the TROY GAS CO. for lighting the streets, at $94.90 a year per arc lamp, and $1.10 per 1,000 ft. for gas.

TOMKINSVILLE, N. Y.—Bids are asked until 1 p. m., June 28, for furnishing miscellaneous articles for the lighthouse establishment, for the fiscal year ending June 30, 1907.

ALBANY, N. Y.—The Witherbee Sherman Co., of Fort Henry, has arranged with H. C. Pelton, Arch., 1133 Broadway, New York, to erect a private lighting plant, consisting of two buildings of one and four stories respectively.

FROST & CHELTON have been awarded the contract for installing an electric lighting plant for S. L. Munson. A 35-KW. Westinghouse generator will be installed, complete with switch board, foundations and all connections.

GOVERNOR'S ISLAND (New York post-office), N. Y.—Bids, in triplicate, are asked until 11 a. m., June 22, for installing steam heating system in the post hospital. Capt. M. N. Falls is Constr. Q. M. (Advertised, Engineering News.)

PAULSBORO, N. J.—Paulsboro has decided to build its own municipal gas plant and has issued $30,000 of bonds for this purpose.

PHILADELPHIA, PA.—The JOHN W. ALLISON CO., Land Title Bldg., has been awarded a contract by the Philadelphia Rapid Transit Co. to put in a reinforced concrete floor on steel beams and to make a roof of reinforced concrete to the substation of a powerhouse at the northwest corner of 58th St. and Woodland Ave., at a cost of $7,000. R. C. Heath is Arch., Philadelphia.

CLARKSVILLE, VA.—A company has been formed, to be called the Eagle Falls Light & Power Corporation, which proposes to develop the Eagle Falls water power, about eight miles from Clarksville, on the Roanoke River. The capital of the corporation is $5,000,000, and its officers are Henry G. Merry, Equitable Bldg., Baltimore, Md.; Paul T. Brady, 60 Wall St., New York, N. Y., and Oliver T. Smith, New York.

GOOD WATER, ALA.—The Council proposes to erect an electric light plant at Good Water, to cost from $12,000 to $15,000. J. L. Gilliland is president of Council; Hall Bros., of Atlanta, Ga., are Engrs.

MEMPHIS, TENN.—The LaClede Gas Co. of St. Louis, Mo., has purchased a site at a cost of $25,000 and will erect a $60,000 electric light plant here.

KOKOMO, IND.—The City Council is preparing to advertise for a company to accept a franchise and construct a gas plant, to furnish gas at 75 cts. 1,000 ft.

CHICAGO, ILL.—The General Electric Co. is negotiating with the Drainage Board relative to a lease of water power, on the Sanitary District channel, near the Belt R. R. bridge, to operate the plant it proposes to build.

HARVARD, NEBR.—G. A. Herozozg has procured a franchise for the establishment of a gas plant in Harvard.

RAPID CITY, S. D.—Plans are being made for an electric plant to be installed on Rapid Creek near the mouth of Deer Creek, for the purpose of furnishing power for an electric road to be built from the Yellow Jacket District to connect with the Missouri River & Northwestern R. R.

THOMPSON, MONT.—An electric plant, to cost $2,000,000, is to be installed at Thompson Falls, on the Clark's Fork River, and will supply Coeur d'Alene County with power. E. H. Williams is interested.

ST. LOUIS, MO.—The Village Council of Grafton has granted a franchise for an electric light plant in that village to L. T. Westrich. A company has been organized with a capital of $10,000 to build the plant.

MARBLE FALLS, TEX.—An electric light and power plant is to be established here. The falls in the Colorado River will be utilized.

AUSTIN, TEX.—Bids are asked until 3 p. m., June 25, by James Knox Taylor, Superv. Arch., Washington, D. C., for heating apparatus for the U. S. court-house and post-office building at Austin.

DECKER, TEX.—Arrangements are being made to construct a power plant near Decker, to cost $800,000. A dam is to be built from which 25,000 HP. will be developed. Eugene Rush is interested.

SHERMAN, TEX.—Bids are asked until 3 p. m., July 11, by James Knox Taylor, Superv. Arch., Treas. Dept., Washington, D. C., for low pressure steam heating apparatus for the U. S. post-office and court-house building at Sherman.

OKLAHOMA CITY, OKLA.—R. C. Alexander, of Abilene, Tex., wishes to communicate with builders of gas plants concerning a plant in Oklahoma, and perhaps elsewhere, for town of 10,000.

CLAREMONT, IND. T.—The Caney River Gas Co. has been chartered with a capital of $1,000,000. The incorporators are: A. W. Leonard, Randolph Shirk and J. H. Evans.

TULSA, IND. T.—Articles of incorporation have been filed by the Caney River Gas Co. of Tulsa, capital $250,000, by Archie W. Leonard and others.

YREKA, CAL.—The Weed Lumber Co. will construct a concrete power house, in which an 800-HP. engine will be installed.

ELK CITY, IDAHO.—It is reported that a power plant will be erected on Salmon River, near the mouth of Crooked River, for supplying the nearby mining districts and operating mills in Elk City, Dixie and Buffalo. Estimated cost, $200,000.

CHATHAM, N. B.—It is reported that bids will soon be asked for remodelling the electric light plant here. Estimated cost, $20,650.

MONTREAL, QUE.—The Montreal Light, Heat & Power Co. has plans for a 15,000-HP. electrical power plant to be erected at Cedar Rapids at a cost of approximately $1,500,000. W. McLea Walbank is Vice-Pres. and Ch. Engr., Montreal.

FORT FRANCIS, ONT.—Fort Francis is to have a complete system of waterworks, sewerage and electric light, to cost about $57,000. John Galt, of Toronto, is Consul. Engr.

PHILADELPHIA, PA.—J. W. EMERY, 1524 Sansome St., has been awarded the contract to build a 4-story addition to the factory of Joseph Lomax, at Orleans and Jasper Sts.

Contract for the construction of a factory at 12th and Brown Sts., for H. H. Roelofs & Co., has been awarded to D. O. BOORSE, 1625 Thompson St., at about $20,000.

SCRANTON, PA.—SPRUKS BROS. have been awarded the contract for erecting a $100,000 rolling mill, 120 × 265 ft., for the Kemmerer Iron & Steel Co.

BRADDOCK, PA.—The United States Steel Corporation will build 40 open-hearth furnaces at the Edgar Thompson plant. This, with other contemplated improvements, will cost $5,000,000.

PITTSBURG, PA.—Chas. F. Walthers & Co., Archs., 715 Wabash Bldg., are preparing plans for a 14-story warehouse, 60 × 160 ft., which will be built of reinforced concrete for the Hostetter Estate, at a cost of $200,000.

The Rust Boiler Co., H. B. Rust, Pres., 605 German National Bank Bldg., will build new plant here.

The Nicola Building Co., 1405 Farmers' Bank Bldg., is having revised drawings made, and bids will be taken in about three weeks, for an 8-story mercantile building, 60 × 70 ft., to be built at 420-424 First Ave. W. G. Wilkins & Co., 909 Westinghouse Bldg., are Archs. and Engrs. Building will be of brick, steel, stone and concrete, and cost $200,000.

BALTIMORE, MD.—A 5-story brick, stone and steel addition, 150 × 150 ft., will be erected to the foundry plant of Bartlett, Hayward & Co., at Scott and Pratt Sts. Cost, $150,000.

NEWBERRY, S. C.—It is reported that the Mollohon Cotton Mills will increase the equipment of the present plant and build a new mill.

NEWNAN, GA.—It is said that W. C. McBride will erect a $75,000 cotton mill here.

The Newnan cotton mills have issued a stock dividend of 40% and begun the erection of a new mill to cost about $50,000. The contract for the mill building was awarded to T. C. THOMPSON BROS., of Birmingham, Ala.

CHATTANOOGA, TENN.—A. W. Poe and others have organized the St. Elmo Tile & Brick Co. and a $30,000 factory building, 90 × 150 ft., will be erected at St. Elmo, a suburb of Chattanooga.

KNOXVILLE, TENN.—We are officially informed that contract for the construction of a 3-story pants factory, 50 × 110 ft., for J. E. Dooley, has been awarded by the Architect, L. E. Waters, to BRIMER & ENGLAND.

CINCINNATI, O.—The R. A. Becker Co., varnish makers, will erect four buildings, storage, cooking, tank and mining. All to be of concrete and brick, mill construction, with composition roof. Improvements are also to be made on several of the other buildings. Cost, $20,000. E. H. Dornette, 56 Pickering Bldg., is Arch.

CLEVELAND, OHIO.—The ATLAS CONSTRUCTION CO., 376 Fairfield St., has been awarded the general contract for erecting the 4-story brick and stone factory building, 50 × 100 ft., for the Champion Bed Spring Co., at Seneca and Jefferson Sts. Paul Wilkes, 703 St. Clair St., is Arch.

TOLEDO, OHIO.—The Lake Shore & Michigan Southern Ry. Co. will build the largest freight engine roundhouse in the world at the Air Line Junction yard here, to hold forty engines and cost about $500,000. New car shops and coaling docks will also be built and the capacity of the yards will be doubled.

WILLIAM P. CARMICHAEL CO., Fullerton Bldg., St. Louis, has been awarded the contract to build a reinforced concrete roundhouse for the Detroit & South Shore line. Riggs & Sherman, Engrs., 613 The Nasby, Toledo, prepared plans.

MARION, IND.—Contract for the construction of the Hoosier Range Works has been awarded to the INDIANA BRIDGE CO., at about $30,000.

ATTICA, IND.—The National Car Coupler Co., 525 Monadnock Block, Chicago, let the general contract to the ATTICA BRIDGE WORKS for a manufacturing plant to be built at Attica, for the manufacture of steel trusses, car wheels and other products of their manufacture. It will be one story, 150 × 300 ft., of steel, and cost $50,000.

EDINBURG, IND.—The Union Starch Works plant at this place will be remodeled and an addition erected. J. I. Irwin, of Columbus, Ind., is Pres.

SAGINAW, MICH.—We are advised that G. H. Everson, Arch., 545 Liberty Ave., Pittsburg, Pa., is preparing plans and contract will be let about July 15 for the erection of a 2-story foundry and tube mill, 75 × 250 ft., for the Acme Wheel & Tube Co., of Pittsburg.

CHICAGO, ILL.—The Rice Malt & Grain Co., Room 206, 255 La Salle St., contemplate building a malt house, elevator and power-house at 45th and North Aves. The malt house will be four stories, 170 × 170 ft., of brick on concrete foundation. The power-house will be one story, 40 × 60 ft., of brick. The elevator will be of reinforced concrete, on concrete foundation, with concrete roof. The three structures will cost $200,000.

WINONA, MINN.— A. J. Van Duesen, Arch., is preparing plans for rebuilding the plant of the Union Fiber Co., recently destroyed by fire. The loss, including building and machinery, is $144,000. Two new factory buildings and several warehouses will be erected. A. G. Brown is Secy.

SEATTLE, WASH.—GEORGE DRIVER, of this city, has been awarded contract for construction of the warehouse, office and machinery hall for the Broderick & Bascom Wire Rope Co.'s new factory at Argo, and has commenced work. Cost of building as already contemplated is placed at $100,000.

SANDWICH, ONT.—Representatives of the United States Steel Corporation have purchased two farms here and it is reported that the Steel Corporation has decided to build its $1,000,000 Canadian plant at Sandwich. Men who represented the corporation in the sale said that building operations on the 2,444 acres controlled and owned will begin in a short time.

MISCELLANEOUS CONTRACTS.

The names of parties awarded contracts are printed in capital letters.

BATTLESHIPS.—Washington, D. C.—Bids for the construction of battleships 26 and 27, South Carolina and Michigan, will be opened June 23.

DREDGING.—Detroit, Mich.—Bids are asked until 2 p. m., July 24, by Col. Chas. E. L. B. Davis, U. S. Engr., for widening St. Mary's Falls Canal.

CANAL.—Wenatchee, Wash.—It is reported that the Wenatchee Canal Co. will build extensions of its irrigation system during the summer, at a cost of $200,000.

DREDGING.—Jacksonville, Fla.—Bids are asked until noon, June 22, by Maj. F. R. Shunk, U. S. Engr., for dredging Trout Creek Shoal, St. John's River.

DREDGING.—New York, N. Y.—Bids are asked until noon, June 20, by J. A. Bensel, Comr. of Docks, for dredging 100,000 cu. yds. on North, East and Harlem Rivers.

DITCH.—Grandin, N. Dak.—Contract for the construction of the Grandin Drainage Ditch, seven miles long, has been awarded to TREADWELL TWICHELL, at $13,200.

STONE CRUSHER, ETC.—Portland, Me.—Bids are asked until 3 p. m., June 19, by the Committee of Public Works, for a stone-crushing plant. Specifications are on file at office of Engineering News, New York. W. E. Cullinan is Secy.

DITCH.—Crookston, M... —Bids are asked until 2 p. m., June ... N. A. Hotard, County Audr., for con... ting a drainage ditch, involving 23,600 ... yds. of excava-tion.

DREDGING.—Ottawa, ... —Bids are asked until June 15, by F... Gelleneas, Secy., Dept. Pub. Wks., for ... ing at Dosset's Landing, L'Assomption ... er and Berthier Channel.

(Continued on ... 226.)

Furnishing the ditch each 18-in. valve	1	84.00	92.00	100.00	105.00	100.00	100.00	117.00	104.00	80.00	127.00
Furnishing the ditch each 16-in. valve	1	65.00	70.00	75.00	75.00	70.00	75.00	80.00	82.00	70.00	90.00
Furnishing the ditch each 14-in. valve	1	49.00	55.00	60.00	61.00	50.00	60.00	71.25	70.00	50.00	72.00
Furnishing the ditch each 12-in. valve	12	36.00	35.00	38.00	40.00	35.00	40.00	40.00	50.00	40.00	46.00
Furnishing the ditch each 10-in. valve	5	26.00	25.00	25.00	28.00	25.00	30.00	30.00	40.00	30.00	35.00
Furnishing the ditch each 8-in. valve	15	19.50	18.50	20.00	21.00	20.00	20.00	20.00	21.00	20.00	25.00
Furnishing the ditch each 6-in. valve	210	13.25	12.65	13.00	14.00	15.00	15.00	15.50	14.00	14.00	16.00
Furnishing the ditch each 4-in. valve	170	8.50	8.00	8.50	9.00	10.00	10.00	10.00	10.00	8.00	10.00
Furnishing 4-in. hydrants, with 2 2½-in. nozzles, on ditch	285	24.75	25.00	24.00	28.00	30.00	27.00	26.40	28.00	26.00	33.00
Furnishing 4-in. hydrants, with 2 2½-in. nozzles and one steamer nozzle	5	27.00	26.50	26.50	31.00	35.00	30.00	29.10	30.00	30.00	36.00
Furnishing 6-in. hydrants, with 2 2½-in. nozzles and one steamer nozzle	5	35.00	35.00	37.00	40.00	40.00	40.00	38.00	39.00	40.00	48.00
Setting all hydrants and furnishing concrete base and porous filling	295	4.00	2.00	3.00	5.00	5.00	3.00	5.25	10.00	7.50	10.00
Furnishing each 4-in. "Rapp" screw plug	140	1.25	.90	1.25	.85	1.00	1.30	1.45	1.50	1.20	1.00
Furnishing each 6-in. "Rapp" screw plug	110	2.25	1.30	1.65	1.40	1.50	1.70	2.10	2.00	1.60	1.50
Furnishing each 8-in. "Rapp" screw plug	10	3.75	1.90	2.50	2.00	2.00	2.30	3.70	3.00	2.25	2.00
Furnishing all cast-iron valve boxes, cast-iron manhole covers and frames, per lb.	15,000 lbs.	.02½	.03	.03¼	.04	.03	.05	.04½	.04	.06	.05
Lumber in place, per 1,000 ft. B. M.	130,000 ft. B. M.	25.00	2.00	30.00	13.00	30.00	35.00	30.00	30.00	30.00	40.00
Blocks and wedges, per 1,000 ft. B. M.	30,000 ft. B. M.	30.00	30.00	30.00	30.00	30.00	30.00	30.00	30.00	30.00	30.00
Extra excavation, per cu. yd.	200 cu. yds.	1.00	.60	.75	.60	1.00	2.00	.70	1.00	.70	3.00
Brick masonry, per cu. yd.	10 cu. yds.	15.00	12.00	12.00	12.00	12.00	15.00	20.00	15.00	15.00	15.00
Concrete masonry, per cu. yd.	10 cu. yds.	15.00	8.00	12.00	10.00	12.00	12.00	20.00	12.00	12.00	15.00
4-in. vitrified clay drain tile in place, per lin. ft.	100 lin. ft.	.25	.60	.25	.30	.50	.60	.50	.50	.20	.50
Pavements taken up & relaid for each sq. yd. of asphalt.	600 cu. yds.	3.50	4.00	3.50	3.50	4.00	.40	3.50	4.00	3.50	4.50
Pavements taken up & relaid for each sq. yd. Belgi'n blk.	10 sq. yds.	.50	1.00	2.00	2.00	2.00	.60	2.00	2.50	3.00	.80
Pavements taken up & relaid for each sq. yd. vitrified brk	60 sq. yds.	.75	2.00	2.00	2.00	2.00	1.35	2.00	2.50	4.00	2.00
Pavements taken up & relaid for each sq. yd. square block	10 sq. yds.	.50	.75	1.00	.60	1.00	.75	.75	.60	.75	.80
Pavements taken up & relaid for each sq. yd. cobble stone	10 sq. yds.	.75	.50	1.00	.60	1.00	.60	.75	.60	.60	.80
Pavements taken up & relaid for each sq. yd. of gravel.	8,000 sq. yds.	.50	.20	.60	.75	.45	.60	.60	.60	.60	.60
Pavements taken up & relaid for each sq. yd. of shell.	1,300 sq. yds.	.50	.30	.50	.60	.45	.60	.60	.50	.60	.60
For each lin. ft. of plank	6,600 lin. ft.	.20	.10	.25	.20	.50	.40	.40	.30	.50	.60
Sidewalk pavements taken up and relaid for each sq. yd. of Schillinger	10 sq. yds.	1.10	1.20	3.00	1.00	2.00	1.35	1.75	1.50	2.00	2.00
Sidewalk pavements taken up and relaid for each sq. yd. of flagging	10 sq. yds.	.75	.50	2.00	.60	1.00	.50	1.00	.75	2.00	.80
Sidewalk pavements taken up and relaid for each sq. yd. of brick	10 sq. yds.	.50	.50	2.00	.60	1.00	.90	1.00	.75	1.50	.80
Old curbing removed and reset, per lin. ft.	100 lin. ft.	.20	.30	1.25	.30	.50	.25	.50	.20	1.00	.50
Steel beams, channels, angles, tees and web plates bolted & riveted in place, per ton of 2,000 lbs.	1 ton	75.00	65.00	100.00	200.00	150.00	125.00	90.00	150.00	100.00	120.00
Corrugated steel bars in place, per lb.	100 lbs.	.05	.10	.10	.06	.05	.10	.08	.10	.10	.12
Each cu. yd. of cinders furnished and placed	10 cu. yds.	2.00	1.50	2.00	1.00	2.00	2.50	1.75	1.00	2.00	3.00
Each cu. yd. of oyster shells furnished and placed	10 cu. yds.	3.00	2.50	2.50	1.50	2.50	2.60	1.50	2.00	2.00	4.00
Each cu. yd. of sand furnished and placed	10 cu. yds.	2.50	2.00	2.50	1.50	2.50	2.60	2.10	1.50	2.00	3.00
Each cu. yd. of gravel furnished and placed	10 cu. yds.	3.00	3.00	3.00	3.00	3.50	3.25	3.10	4.00	3.00	4.00
Each cu. yd. of clam shells furnished and placed	10 cu. yds.	2.50	2.50	4.00	2.00	3.00	2.70	3.10	2.00	3.00	4.00
For laying all 30-in. water pipe, per lin. ft.	1,000 lin. ft.	1.20	1.50	1.55	1.25	1.30	2.00	1.75	1.75	2.50	2.50
For furnishing on the ditch each 30-in. valve	1	330.00	330.00	350.00	375.00	350.00	375.00	360.00	400.00	375.00	475.50
Total		$77,515.75	$82,003.00	$89,625.00	$91,419.00	$92,720.00	$110,574.00	$115,241.00	$118,014.00	$119,607.50	$126,751.00

BIDS RECEIVED MAY 15 BY THE SEWERAGE AND WATER BOARD, NEW ORLEANS, LA., ON CONTRACT "11-W."

Items.	Quantity.	(A)	(B)	(D)	(E)	(C)	(G)	(F)	(H)	(I)	(J)
Unloading pipe and specials from cars to wagon per ton of 2,000 lbs.	4,000 tons	$0.15	$0.25	$0.40	$0.40	$0.40	$0.50	$0.30	$0.40	$0.50	$0.50

Total	$124,705	$133,665	$142,825	$154,068

*Note.—Our exception to paragraph two (2) on page thirteen (13) next to last line: "To accept one part and reject the other." Our proposal is based upon taking the entire contract. If the award cannot be made as a whole, we do not wish our bid to be considered for any separate part. (Signed) Campbell, Ferrier Co.

MISCELLANEOUS CONTRACTS.

(Continued from page 224.)

MONUMENT.—Palestine, Tex.—Bids are asked until July 16 for an $8,000 bronze and granite monument to be erected to Judge John R. Reagan. Address A. G. Greenwood, Palestine.

WHARF.—Fort Munroe, Va.—Bids are asked until noon, July 7, by Capt. R. H. C. Kelton, Constr. Q.-M., for repairing main wharf at Fort Munroe. (Advertised Engineering News.)

DREDGING.—Dunkirk, N. Y.—Contract for deepening the channel and other improvements in Dunkirk Harbor has been awarded to the HINGSTON CO., Buffalo, at about $22,000.

DREDGING.—Portland, Ind.—The contract for dredging Lob ditch and the Little Wabash River for a distance of twelve miles has been awarded to the STURGEON BROS., of this city, at $41,000

LAUNCHES.—New York, N. Y.—Bids are asked until 10 a. m., June 26, by H. T. B. Harris, Paymaster-Gen., U. S. N., Washington, D. C., for building two gasoline launches for the New York Navy Yard.

DREDGING.—New York, N. Y.—The following bids were received by J. A. Bensel, Comr. of Docks, on June 5, for dredging about 100,000 cu. yds. in the North, East and Harlem Rivers: Morris & Cummings Dredging Co., 17 State St., $48,000; International Contract Co., 10 Battery Place, to be delivered before Sep[illegible] 15, 1906, at the wireless telegraph station, [illegible]shington Navy Yard. H. T. B. Harris, Paymaster-Gen., U. S. N.

RAILWAY GRADING [illegible]. Bids are asked until noo[illegible]an, N. C.—Greenleaf Johnson Lumb[illegible]e 30, by the Va., at Vaughan, N. C[illegible] of Norfolk, about three miles of r[illegible] constructing County, N. C. Specificat[illegible] in Warren office of Engineering New[illegible]re on file at vertised Engineering News.) [illegible] York. (Ad-

TEST BORINGS.—New [illegible], N. Y.—The lowest bid opened on Jun[illegible] by the Board of Rapid Transit Commiss[illegible] for making test borings on the lines of [illegible] proposed railway routes in the Borou[illegible] Manhattan, Bronx, Brooklyn and Que[illegible] as submitted by the Healy Sewer Co[illegible]tion Co., 21 Park Row, for $25,990. [illegible] Burrows is Secy.

FERRY PONTOONS.—New [illegible]ork, N. Y.—J. A. Bensel, Comr. of D[illegible] has received the following bids for b[illegible] two ferry bridges and pontoons and [illegible]ssories: F. Sanford Ross, 277 Washi[illegible] St., Jersey City, $19,900; Wm. H. Jenk[illegible] Pearl St., $22,000; Fred. A. Burden, [illegible] $22,762; Alexander Miller, 10 Morris [illegible] Jersey City, $25,100; Geo. F. Stewart, [illegible] Finlay St., Brooklyn, $24,000.

PUMPING STATION.—Wil[illegible] N. Dak.—Bids are asked until July 9[illegible] the office of the Reclamation Service, W[illegible]on, for the installation of steam and [illegible]re pumps, electric generating and tra[illegible]ssion, apparatus, including three pump[illegible]ations containing centrifugal pumps of [illegible] and 30 cu. ft. per second capacity under [illegible]ds of from 30 to 50 ft., driven by ste[illegible]ngines and electric motors aggregating 1,[illegible] HP.; also two 300-KW. steam turbine [illegible]erating units, a 1,000-HP. boiler plant and [illegible]ssories, the necessary buildings, and three [illegible]mile transmission line. Particulars may be had at the office of the Reclamation Service, Washington, or from the engineer at Williston.

TIMBER & PLANK.—Albany, N. Y.—Contracts have been awarded as follows, by N. V. V. Franchot, State Supt. Pub. Wks., for furnishing timber and plank as noted in issue of May 24: MADDEN LUMBER CO., Troy, N. Y., for furnishing [illegible] ft. B. M. white oak, $13,899, and 138,000 ft. B. M. white oak, 357,000 ft. B. M. white pine, 38,000 ft. B. M. Georgia pine, 1,000 ft. B. M. beech and 116,000 ft. B. M. spruce, $19,818; G. ELIAS & BRO., Buffalo, N. Y., for furnishing 384,000 ft. B. M. Georgia pine, $13,415, and 261,000 ft. B. M. white oak, 157,000 ft. B. M. white pine, and 157,000 ft. B. M. Georgia pine, $18,538; H. V. BERRY, Fort Plain, N. Y., for furnishing 371,000 ft. B. M. white pine, $13,524.

BARGE CANAL.—Albany, N. Y.—Plans have been approved for three additional contracts for the Barge Canal, namely, Contracts 7, 15 and 34. Contract 7 is for furnishing and erecting in place steel highway bridge superstructures at the following points: Fourth St., Waterford; three bridges on site of Contract 3, at Fort Miller, Ridge Road and Payne's bridge, Washington County; three bridges on site of Contract 4, Oneida County; one bridge at Mosquito Point, Cayuga County; four bridges on site of Contract 6, Monroe County; at Buffalo Road bridge; Lyell Road bridge; Lee Road bridge and Spier's Road bridge. Engineer's estimate, $102,122. Contract 15 is for excavating the canal and protecting its sides and constructing Lock No. 11, Dam No. 4 and Lock No. 12, Dam No. 5, and appertaining structures; a spillway, a highway, two masonry culverts, five bridges with their piers and abutments and other incidental details, between Lake Champlain at Whitehall, Sta. 0-73 and Sta. 356 on Wood Creek, about 0.8 miles north of Comstock's P. O. Engineer's estimate, $1,380,760. Contract 34 is for constructing a steel highway bridge superstructure at Saratoga Ave., Waterford, over the Barge Canal. One span bridge; capacity to carry 50-ton cars of United Traction Co.; specifications call for 352,000 lbs. structural steel, 29,000 lbs. steel reinforcement. Engineer's estimate, $22,604. N. V. V. Franchot, State Supt. Pub. Wks., Capitol, Albany, will advertise for bids in about two weeks. Henry A. Van Alstyne, State Hall, Albany, is State Engr.

WIRELESS APPARATUS.—Washington, D. C.—Bids are asked until noon, June 16, at the Navy Pay Office, Washington, D. C., for six sets of wireless telegraph apparatus, each set to include one complete sending and two complete receiving outfits, and to consist of all parts necessary for successful operation of same, except antennae. The apparatus are to be delivered before Sep[illegible] 15, 1906, at the wireless telegraph station, [illegible]shington Navy Yard. H. T. B. Harris, Paymaster-Gen., U. S. N.

DREDGING.—Dunkirk, N. Y.—Contract for deepening the channel and other improvements in Dunkirk Harbor has been awarded to the HINGSTON CO., Buffalo, at about $22,000.

DREDGING.—Portland, Ind.—The contract for dredging Lob ditch and the Little Wabash River for a distance of twelve miles has been awarded to the STURGEON BROS., of this city, at $41,000

LAUNCHES.—New York, N. Y.—Bids are asked until 10 a. m., June 26, by H. T. B. Harris, Paymaster-Gen., U. S. N., Washington, D. C., for building two gasoline launches for the New York Navy Yard.

DREDGING.—New York, N. Y.—The following bids were received by J. A. Bensel, Comr. of Docks, on June 5, for dredging about 100,000 cu. yds. in the North, East and Harlem Rivers: Morris & Cummings Dredging Co., 17 State St., $48,000; International Contract Co., 10 Battery Place, $25,000; W. H. Beard Dredging Co., 21 State St., $56,000; R. G. Packard Co., 130 Pearl St., $48,000.

DIKES.—New York, N. Y.—Bids are asked until noon, July 5, by Col. W. R. Livermore, Engr., U. S. A., Army Bldg., for furnishing rubble, stone and quarry spalls, and repairing dikes in Hudson River, N. Y. (Advertised Engineering News.)

CONCRETE BREAKWATER. — Harbor Beach, Mich.—HUGO & TIMS, of Duluth, have been awarded a contract by the government to build a new breakwater at Harbor Beach to replace the old one, at $385,000.

DREDGING.—Detroit, Mich.—Bids are asked until 2 p. m., July 11, at the U. S. Engineer Office, Jones Bldg., Detroit, for dredging Shoal 28, in Mud Lake, St. Marys River, Mich. Col. E. L. B. Davis is Engr., U. S. A. (Advertised Engineering News.)

577.	Schenectady—Guilderland	Schenectady	7.100
586.	E. Pembroke—Genesee	Genesee	5.58

Plans and specifications for all of the above work may be seen at the office of the undersigned. They may also be seen for all roads in the counties of Albany, Clinton, Columbia, Dutchess, Essex, Fulton, Hamilton, Herkimer, Montgomery, Nassau, Orange, Otsego, Putnam, Rensselaer, Saratoga, Schenectady, Suffolk, Ulster, Warren and Westchester at the office of the Division Engineer of the Eastern Division in the State Hall, at Albany; for the counties of Broome, Cayuga, Chenango, Cortland, Jefferson, Madison, Oneida, Onondaga, Oswego and Tompkins at the office of the Division Engineer of the Middle Division in the Weigh Lock Building, Syracuse, N. Y., and for the counties of Chemung, Erie, Livingston, Monroe, Niagara, Ontario and Orleans at the office of the Division Engineer of the Western Division in the Triangle Building, Rochester, N. Y.

The attention of bidders is called to the fact that by chapters 468 and 506 of the Laws of 1906, contracts for the improvement of highways outside the limits of a city or incorporated village are exempted from the requirements of the eight-hour law.

Proposals must be made for the completion of each road for a lump sum in accordance with the plans and specifications therefor. Each proposal must be accompanied by a New York draft or certified check payable at sight to the order of the State Engineer and Surveyor for five per cent of the amount of the proposal, which draft or check will be held by him until the execution of the contract. The successful bidder will be required to give a bond for fifty per cent of the contract price, such bond to be executed by a surety company to be approved by the State Engineer and Surveyor. Monthly payments of ninety per cent will be made as the work progresses.

Proposals for each road must be presented in a separate sealed envelope endorsed on the outside with the number and name of the road for which the proposal is made.

Specifications, bidding sheets and form of contract may be had on application to the State Engineer or the Division Engineers above mentioned.

The right is reserved to reject any or all bids.

PAVING.

Cohoes, N. Y.

Take notice that the Common Council of the City of Cohoes has determined to pave that portion of Ontario Street in the City of Cohoes leading from the D. & H. lands on Van Schaick's Island in the City of Cohoes westerly to that portion of Ontario Street which is paved, with curb on both sides of the street between that portion of the street to be paved, and with necessary catch-basins on that portion of the street to be paved.

That the City of Cohoes has caused to be filed the plans and specifications for said pavement, together with an estimate of the cost of such improvement, by the City Engineer of the City of Cohoes with the City Clerk of the City of Cohoes, and that the same are now on file with the City Clerk of said city.

Therefore, take notice that proposals and bids will be received for the doing of the work required in making said improvement upon said street according to the plans and specifications now on file with the City Clerk of the City of Cohoes for granite curb, suitable catch-basins as required by said specifications, and brick or block pavement consisting of Mack brick or Metropolitan brick; for pavement with block asphalt, with Medina sandstone, creo-resinate wood and granite block. And that such person or persons, corporation or corporations, who desire to bid upon the above-mentioned kind of pavement for said street and said improvement according to the plans and specifications now on file, are hereby required to present their proposals and bids to the Common Council of the City of Cohoes at its next meeting to be held at the Common Council Chamber in the City of Cohoes, N. Y., on the 19th day of June, 1906, and that proposals and bids will be received at said meeting for said improvement according to said plans and specifications.

That the Common Council of the City of Cohoes reserves the right to select from the above different kinds of pavements any kind of said pavement that it sees fit, and reserves the right to reject any and all bids.

Each bid and proposal must be accompanied by a certified check from the bidder for ten per cent. of the bid payable to the order of the Chamberlain of the City of Cohoes, which check and the moneys specified to be paid thereunder shall become the property of the City of Cohoes in case the bidder neglects to enter into the contract with the City of Cohoes for the performance of the work, provided the contract shall be awarded to him.

Each bidder is required to give a bond for the faithful performance of his said work according to the plans and specifications now on file, said security to be executed and delivered at the time of entering into the contract. The bond required shall be in the manner and form provided by the plans and specifications.

The amount of pavement to be laid is about 10,789 sq. yds.

WILLIAM J. ELLIOT,
City Clerk.

Dated Cohoes, N. Y., June 6, 1906. 24-1t

CIVIL SERVICE EXAMINATIONS—NEW YORK STATE.

Examinations will be held for the New York State Service as follows: June 30, 1906—Architectural Draftsman, $15 to $25 a week; Bridge Designer, $1,500 to $1,800; Bridge Draftsman, $1,200 to $1,500. July 7, 1906—Assistant Civil Engineer, $5 to $6 a day; Leveler, $4.50 to $5 a day.

For further particulars and application blank, address

CHIEF EXAMINER,
State Civil Service Commission,
24-1t Albany, N. Y.

---

SEALED PROPOSALS will be received at the office of the Light-House Engineer, Tompkinsville, N. Y., until 1 o'clock p. m., June 28, 1906, and then opened, for furnishing miscellaneous articles for the Light-House Establishment, for the fiscal year ending June 30, 1907, in accordance with specifications, copies of which, with blank proposals and other information, may be had upon application to LIEUT.-COL. WM. T. ROSSELL, Corps of Engineers, U. S. A., Engineer. 22-4t

GENERAL GRADING AND PAVING.

SEWAGE DISPOSAL WORKS.

Waterbury, Conn.

Sealed proposals for excavating soil and building embankments upon site of proposed sewage purification plant and paving a portion of the right bank of Naugatuck River, in accordance with the form of contract and specifications to be furnished by the Board of Public Works, Waterbury, Conn., will be received until 8 p. m. of the 3d day of July, 1906, at which hour the bids will be publicly opened and read.

The preliminary estimate of work to be done is as follows:

Item 1—Earth excavation: 100,000 cubic yards.

Item 2—Rock excavation: 500 cubic yards.

Item 3—Slope paving: 2,500 cubic yards.

Item 4—Riprap: 7,000 square yards.

Item 5—Overhaul, equivalent to hauled 100 ft.: 180,000 cubic yards.

These quantities are to be considered as only approximate and are given solely for the comparison of bids.

Each bid must be accompanied by a certified check for three thousand ($3,000) dollars drawn to the order of the Comptroller of the City of Waterbury, such check to be returned to the bidder unless forfeited under the conditions herein stipulated.

A bond in a sum equal to 30 per cent. of the contract price, as determined by the canvass of bids, and with an approved surety company as surety, will be required for the faithful performance of the contract.

Plans, specifications and form of contract can be seen and proposal blanks obtained by intending bidders applying in person at the office of the City Engineer, No. 9 Leavenworth St.

The time fixed for the completion of the work is November 15, 1906.

The Board reserves the right to reject any or all bids or to accept any bid, should the Board deem it to be for the interest of the city so to do.

By order of the Board of Public Works.

R. A. CAIRNS, C. E.,
City Engineer,
Waterbury, Conn.

June 5, 1906. 23-3t

24-INCH SEWER.

Bordentown, New Jersey.

Sealed proposals, marked as above, and addressed to H. W. Kunzi, City Clerk, Bordentown, N. J., will be received until 8 p. m., on Wednesday, June 20th, 1906, when they will be publicly opened and read by the Common Council, at a meeting to be held in the City Hall.

The proposals are desired for furnishing the labor and materials necessary in the construction of approximately 1,725 feet of 24-inch sewer in Bonaparte Park, Bordentown.

Plans and specifications may be seen and blank forms of proposal obtained at the office of the City Clerk, Bordentown, or at the office of Waring, Chapman & Farquhar, Civil Engineers, 874 Broadway, New York, on and after June 11th, 1906.

Each proposal must be made on the regular blank form, which may be obtained as above, and must be accompanied by a certified check for Five Hundred Dollars ($500), made payable to the City of Bordentown.

Upon award of the contract the checks of unsuccessful bidders will be immediately returned.

The Common Council reserves the right to reject any or all bids received.

H. W. KUNZI, 24-1t
City Clerk.

SEWER AND WATER PIPES.

Saranac Lake, N. Y.

Sealed proposals will be received by the Sewer and Water Board until 8 p. m., July 2d, 1906, for furnishing and laying 13,000 feet of sewer from 6-in. to 12-in. in diameter, and 10,000 feet of cast-iron water pipes, from 4-in. to 14-in. in diameter.

Separate bids will be received for each system. Plans may be seen at the office of the Clerk of the Board, and specifications may be had upon application to the Clerk of the Board or to the Engineer.

The Sewer and Water Board reserves the right to reject any or all proposals.

S. A. MILLER, Clerk.

JOHN L. COLLINS, Engr.,
444 Broadway, Albany, N. Y. 24-2t
